## A week in the life of year 10

**Dear Parents/Guardians,**

This week, we want to celebrate the dedication and perseverance of our students. Completing homework on time is a key part of taking responsibility for learning, and we encourage all students to stay on top of their assignments. **A reminder that Science homework is due at 9 AM on Wednesday.** Students should also ensure they bring a **green pen and a working calculator** for their lessons.

Arriving on time each day ensures everyone starts their lessons ready to learn. Let's continue to uphold these great habits!

## Compassion in Action – Alms-Giving for Easter and Ramadan

As a **Church of England school**, we recognise the importance of faith and charity in our community. Both **Easter and Ramadan** are times of reflection, generosity, and giving to those in need. **Alms-giving**—whether through donations, acts of kindness, or supporting local charities—is a shared value across different faiths. We encourage our students to take part in charitable giving during this season, demonstrating compassion and care for others.

## Celebrating Our Students

A huge well done to the students participating in the annual **Law Mock Trial project!** They will be visiting **QEB Hollis Whiteman law chambers** this week and next, gaining valuable insights into the legal world. We are incredibly proud of their engagement and enthusiasm.

Lastly, a big congratulations to those who attended **Science Sparx Club** during IST. Your curiosity and commitment to learning beyond the classroom are truly inspiring!

Thank you for your continued support. Let's keep striving for excellence while showing kindness and compassion to those around us.

**Best regards,**

**Ms Miah**

**Deputy Head of Year 10**
