Homework at Bacon's College

Homework is an essential part of your child's learning. The pages below will give you information on the approximate amount of homework your child will be set each week by each subject as well as the type of tasks set by each subject.

Homework is always set on Show My Homework. Your child should always log onto to this in the first instance and follow the instructions set.

Your child will always be given an appropriate amount of time to complete their homework. This means that if they are struggling with it, they will always have time to visit their class teacher for help before the deadline. Students who do not complete their homework will be set an hour detention after school by their teacher.

Homework in KS3

Subject	Approximate duration of homework per week	Homework instructions to be set on:	Homework activities will involve:
Maths	60	Show My Homework	Hegarty Maths
