Dear Parent or Carer,

The Lancaster Model Health and Wellbeing Questionnaire

We want to let you know about the free help available through the Evelina London school nursing team to support the health and wellbeing of your child. The service is led by specialist nurses and supports all school-aged children, including those who are fit and well.

We're passionate about supporting young people to tell us how they feel about their health, what worries them the most and what they want to find out more about as they navigate into adulthood.

We will be attending your child's school on the **27/01/2026 and 28/01/2026** to guide all year 9 pupils through completing a digital health and wellbeing questionnaire, so we can learn more about their health needs. All personal information collected will be treated as confidential, although anonymous information may be shared with other agencies to improve services. All personal information collected from the questionnaire is held securely to meet with data protection, GDPR and Information Governance requirements. After completing the questionnaire, your child may see a member of the school nursing team, if they, or the school nursing team would like this.

If you **do not** want your child to take part in the health questionnaire, please contact us with your child's full name, date of birth, and school they attend. Please do this no later than **19/01/2026**. You can contact us via ParentLine 07520631130 (text only), or by calling 020 3049 4777.

You can find more information about The Lancaster Model and our service on the Evelina London website: [The Lancaster Model | Evelina London](https://www.evelinolondon.nhs.uk/our-services/the-lancaster-model/)

Kind regards,

Taiwo Muibi – Head of Nursing

The Evelina London School Nursing Team
